Objectives

Dedicated and detail-oriented SAP PP (Production Planning) with 2+ years as a consultant and 6 years as an end user of hands-on experience in production planning, material management, and end-to-end SAP PP processes. Seeking to contribute my expertise in SAP system operations, end-user training, and troubleshooting to ensure seamless production workflows in a challenging and dynamic environment.

Professional Experience

Delta Sys Tech (India) Pvt. Ltd.

Project : Yogiji Digi Private Limited

Duration : Feb 2025 to till date

- Handled day-to-day activities in SAP PP S/4 Hana (Public Cloud), including the creation and monitoring of production orders, material requirements planning, and inventory management.
- Ensured accurate data entry for BOM, routing, and work centres, and supported the production team by managing production orders in SAP.
- Worked closely with procurement and warehouse departments to ensure proper material availability for production schedules.
- Actively participated in regular SAP system upgrades and enhancements to streamline operations and reduce errors in production planning.
- Provided end-user support and troubleshooting for SAP PP-related issues, ensuring minimal downtime in the production process.
- Generated and analysed standard SAP PP reports to track production performance, identify bottlenecks, and implement improvements.
- Coordinated with the IT team to test and validate system changes, ensuring smooth transitions and continuity of operations.
- Delivered post-Go-Live **stabilization support** by resolving critical incidents, training end-users, and monitoring system performance.
