SKILLS

- SAP Success Factor
- Employee Central
- Performance Management & Goal management
- SAP BTP Build
- Java

PROFESSIONAL EXPERIENCE

WIPRO TECHNOLOGIES (SAP SF CONSULTANT)   **(2022-PRESENT)**

Project: Loreal   2023-Present

- Gained complete understanding of SAP Success Factor system implementations.
- Working as part of the AMS team, I support and maintain the SAP SuccessFactors Employee Central (EC) module, ensuring smooth day-to-day HR operations.
- Handled refresh and release activities as per project requirements.
- Handle configuration updates, troubleshoot issues, and respond to user queries to keep the system running effectively.
- Regularly collaborate with HR and IT teams to understand business needs, implement small enhancements, and support ongoing improvements.
- I am also involved in change requests, testing, and documentation of solutions to help streamline support processes.
- Alongside my EC responsibilities, I have basic hands-on experience with the PMGM module.

Project: Wipro Topgear team of SAP BTP Build   2022-2023

- Hands on use case preparations as per client requirement using Appgyver platform.
- Complete understanding of Appgyver features and functionalities.
- Successfully created and delivered 2 user cases to clients as per the requirements.

PROJECTS

TIME 2 TRAVEL

Tech Skills: SAP BTP Build Apps, Appgyver

- Complete mobile application with start to end features of booking flights, with functionalities of booking flights, selecting destination in trend with budget comparison, and routes.
- Used third party APIs for routing maps and top tourist places suggestions.

BOOKMART

Tech Skills: Java, Spring Boot, JWT, Bootstrap, Angular, PostgreSQL

- Directed a team of 5 in developing a comprehensive e-commerce capstone project, enhancing repository management and securing transactions with JWT.
- Constructed a RESTful API for the e-commerce application, enabling seamless data exchange with the front end, achieved a 99.9% uptime during testing, ensuring reliable communication between components.
- Integrated advanced features like JWT security and lazy loading, increasing application performance by 25% and personalizing experiences for customers and administrators.

CERTIFICATIONS AND ACHIEVEMENTS

SAP CERTIFIED ASSOCIATE - IMPLEMENTATION CONSULTANT - SAP SUCCESSFACTORS EMPLOYEE CENTRAL CORE

- Gained a solid understanding of the core concepts and architecture of SAP SuccessFactors EC.
- Learned how to configure and manage employee data, organizational structures, workflows, and business rules.
- Developed knowledge of data models, event reason handling, foundation objects, and security features like role-based permissions.
- Understood best practices for system implementation, data migration, and integration basics.

SAP CERTIFIED ASSOCIATE - LOW-CODE NO-CODE Developer

- Learned how to build business applications quickly using SAP's low-code/no-code tools without deep programming knowledge.
- Gained hands-on experience with SAP Build Apps, SAP Build Process Automation, and SAP Build Work Zone.

FULL STACK DEVELOPMENT CERTIFICATION BY STACKROUTE

- Cultivated expertise in building robust web applications using HTML, CSS, JavaScript, Angular, and Spring Boot; recognized as the cohort member who submitted the highest-quality project.
- Gained practical experience in full-stack development via Great Learning certification, building RESTful APIs and relational databases, leading to a 90% score on the final project.
